- Certification: Microsoft Certified
- Model Number: Windows 10 pro OEM
- Minimum Order Quantity: 5 pieces
- Price: negotiable
- Packaging Details: OEM packing
- Delivery Time: 1-2 work day
- Payment Terms: T/T, Western Union, MoneyGram,
- Supply Ability: 5000 pieces / week

Product Specification

- Bit Version: 64 Bit
- Language: Italian
- Version: Professional
- Free Hard Disk Space: 16 GB
- Item Numner: FQC-08913
- Warranty: Lifetime
- Highlight: **operating system software,
computer system software**

Product Description

FQC-08913 Windows 10 Pro Retail Box 64 Bit Security Label Window PC Software

Windows 10 Pro

Familiar but Fresh

Windows 10 Pro brings the best features of Windows 7 and Windows 8 together. The Start menu is back and combined with live tiles to keep you up to date. Windows 10 features brand new apps like Mail, Photos, Maps, Groove, Movies & TV. OneDrive lets you keep all your information in the cloud so you can access it easily on any Windows 10 device.

No New Hardware Needed

Windows 10 Pro has minimal system requirements that make it easy to install on your current computer. If your computer is running Windows 7 or Windows 8 then you can easily install Windows 10. Automatic security updates keep you up to date and protected.

Windows 10 Home vs Pro, Which Windows Is Right For You?

Windows 10 Home and Pro are finally here and they are full of great features. Windows 10 Home includes a return of the Start Menu, Cortana, Battery Saver Mode, Device Encryption, Virtualization, Microsoft Edge, and much more. A great choice for your PC at home.

Windows 10 Pro includes all the functionality of Windows 10 Home plus additional business and security features. Windows 10 Pro comes with Group Policy Management, the ability to join a Domain, Bitlocker, Remote Desktop, and Microsoft Passport. An ideal choice if you are running a small to medium sized business or if you are looking for advanced security. Please note, if you have Windows Vista or Windows XP installed you will need to do a CLEAN INSTALL before upgrading to Windows 10.

PRODUCT HIGHLIGHTS

- Expanded Start Menu
- Microsoft Edge Web Browser
- Cortana Digital Personal Assistant
- Snap Window Enhancements
- Multiple Virtual Desktops
- Action Center Icon
- Bitlocker
- Enterprise Data Protection
- Domain Join & Group Policy Management
- Business Store for Windows 10

System requirements:

Processor	1 gigahertz (GHz) or faster processor or SoC
RAM	2 GB for 64-bit
Hard disk space	20 GB for 64-bit OS
Graphics card	DirectX 9 or later with WDDM 1.0 driver

Cortana is only currently available on Windows 10 for the United States, United Kingdom, China, France, Italy, Germany and Spain.

An Internet connection is required to perform the upgrade. Windows 10 is a large file about 3 GB and Internet access (ISP) fees might apply.

The upgradeability of a device includes factors beyond the system specification. This includes driver and firmware support, application compatibility and feature support, regardless of whether or not the device meets the minimum system specification for Windows 10.

If the anti-malware application is compatible and current, your application will be preserved during the upgrade to Windows 10

Windows 7 desktop gadgets will be removed as part of installing Windows 10.

The number of applications that can be snapped will depend upon the minimum resolution for the application.

To use touch, you need a tablet or a monitor that supports multi-touch.

Microsoft account required for some features.

Some games and programs might require a graphics card compatible with DirectX 10 or higher for optimal performance.

The Windows you know, only better

Windows 10 feels familiar so you can get more done from the get-go. The Start menu is back with space to pin your favorite apps. And simple navigation means you don't need to spend much time learning anything new.

Always up-to-date

You won't have to wonder if you have the latest features or security updates. Windows automatically delivers updates, when they're ready, directly to your device.

Cortana's got your back

Cortana is your truly personal digital assistant who works across all your devices to help get things done.

Rule the web

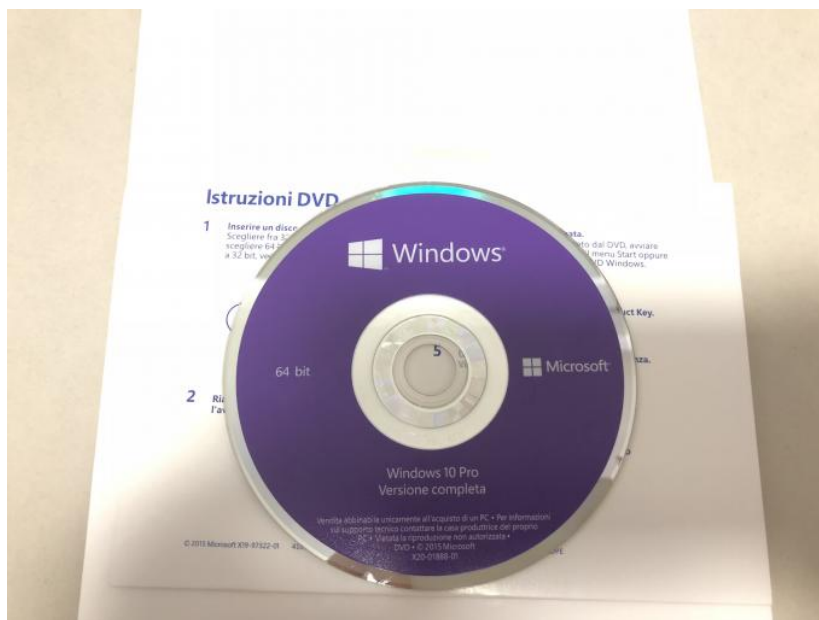

Microsoft Edge is an all-new browser built to deliver a better web experience. You can write directly on webpages from your PC, read articles distraction free, and save your favorites to read offline later.

Take your gaming further

With Xbox on Windows, play and connect with your games and friends. Everywhere.

Universal Apps, including Office

The Store in Windows 10 is a one-stop shop for hundreds of thousands of apps including games, music, videos, as well as a new version of Office.
