Product Description

Office Home and Student 2019 For PC Not for MacOS Online Activation Key

Work from anywhere with any device

Office 2019 is fully cloud-capable, touchscreen-optimized and accessible via Microsoft Web Apps to allow you to work from anywhere with any device. Upgraded Word, Excel, and PowerPoint have been thoughtfully enhanced, with new time-saving features and a sleek modern look.

Updates to servers

The 2019 release of Office products also includes updates to our servers:

Exchange Server 2019
Skype for Business Server 2019
SharePoint Server 2019
Project Server 2019

The next-generation productivity suite

Office 2019 delivers features across apps to help users create amazing content in less time.

Improved Office apps

Office 2019 Home & Student is the next on-premises version of Word, Excel, and PowerPoint

Word 2019

Get work done easier. Work more naturally with new and improved inking features like the roaming pencil case, pressure sensitivity, and tilt effects.

Black theme
Learning tools (captions and audio descriptions)
Speech feature (text-to-speech)
Improved inking functionality
Accessibility improvements

Excel 2019

Perform better data analysis. Excel 2019 adds powerful new data analysis features, including new formulas and charts and enhancements to PowerPivot.

Funnel charts, 2D maps, and timelines
New Excel functions and connectors
Ability to publish Excel to PowerBI
PowerPivot enhancements
PowerQuery enhancements

PowerPoint 2019

Create more impactful content. In PowerPoint 2019, you can create cinematic presentations with new features like Morph and Zoom.

Zoom capabilities for ordering of slides within presentations
Morph transition feature
Ability to insert and manage Icons, SVG, and 3D models
Improved roaming pencil case

Is internet access required for office 2019?

Unless you are installing from physical media, internet access is required to download and activate Office 2019. You don't need to be connected to the internet to use the Office applications, such as Word, Excel, and PowerPoint, because the applications are fully installed on your computer.

Office for everyone

For many customers, Office 365 is the way to go. However, going to the cloud is a journey, and our customers may be in different stages of that journey. To support those customers, we have Office 2019, a valuable new release of Office with a subset of features from Office 365.

Office 2019

for those who can't be cloud-connected

Office 2019 provides a set of valuable enhancements for customers who can't be cloud-connected or receive regular updates. The new enhancements in Office 2019 are a subset of a long list of features that have been added to Office 365 ProPlus over the last three years. It provides new features and updates to the on-premises apps for both users and IT professionals.

Office 365 continuous cloud-powered innovation

Office 365 ProPlus, the cloud-connected version of Office, delivers the most productive and most secure Office experience—with the lowest total cost of ownership for deployment and management. Office 365 ProPlus delivers continuous cloud-powered innovation for increased productivity, better security, and the lowest TCO.
